

## VIP BARRIER

### DESCRIPTION:

Traditional rope stanchions are the last word in style and sophistication. Our VIP Barrier range is a premium product line manufactured from heavy gauge steel/stainless steel with solid cast iron bases and concrete bases that offer excellent durability. The posts are finished with the highest grade polished or satin finishes and are available with two options, Ball , & Traditional crown, Flat base for more contemporary environments. Made with excellent quality materials for indoor and outdoor.
